The La Habra Life Center is a non-profit, non-sectarian community organization, dedicated to promoting the Sanctity of life from the moment of fertilization to its natural end and promulgating the high moral ethics expressed in the Judeo-Christian tradition. We seek to carry out this basic philosophy in a practical manner by offering positive help to women in a crisis pregnancy through counseling, education, and practical help.

So many Events! Let the pictures speak for themselves.

Strong Snowstorms prevented thousands of people to attend the **Annual March for Life in Washington**. Bob Kurtz, (our Life Center's Board Chairman), was among them. Vans and busses got stuck on the Turn Pikes for several days. So the pilgrims called on God to be with them at Holy Mass, on a makeshift altar made out of snow!

Our Lady of Guadalupe Students made beautiful blankets and one of their artists painted this very fitting picture to decorate our office.

Thank you to everyone for making this such a great event.

We continue with our preparation for clinic statues and thank you for your continued prayers and sacrifices

This mother is expecting her fourth child. She was our first visitor in our new home and gratefully accepted sleepers, blankets, and towels. (With permission)

"What is good for the goose is good for the gander".
Assemblyman Gallagher introduced AB2775 on February 19th - it's a bill that would require facilities that offer abortions to display a notice providing contact information to Pregnancy Help Centers that offer alternatives to abortion including medical care for mothers and their babies, necessary equipment and supplies for the baby, all at no cost.

Thanks, Assemblyman Gallagher, for introducing your bill! See below:

"A facility that offers abortion shall disseminate to clients onsite the following notice in English and in the primary threshold languages for Medi-Cal beneficiaries..... The notice shall state: "If you intend to keep your baby, pregnancy centers can provide you with services that include counseling, pregnancy tests, sexually transmitted disease or sexually transmitted infection (STD/STI) testing, ultrasound services, support groups, parenting programs, and material assistance. To find a center near you, visit www.care-net.org The onsite notice shall be posted conspicuously in the entrance of the facility and at least one additional area where clients wait to receive services."

Planned Parenthood has been losing clients ever since its managers and abortionists revealed the cruel way of “harvesting” organs and brains from babies that are alive and intact, for sale to the highest bidder for research. PP is trying desperately to regain a positive image. Pro-abortionists, women and men alike, are taking to the streets and the social media touting how liberated, actually how ‘blessed’ they are to have experienced an abortion. It reminded me about the quote in Philippians 3:19 (ESV). *‘Their end is destruction, their god is their belly, and they glory in their shame, with their minds set on earthly things.’*

I can’t help thinking how they must hurt, deep down, unable or yet unwilling to admit it. Let us pray for them in this Year of Mercy, to bring healing and peace to their tortured minds. They will need the guidance of trained counselors to touch their hearts. In our diocese post-abortive women and men are ministered to by hopeandhealing@rcbo.org

Our Silent Little Martyrs Speak a Thunderous Truth

“Tiny hands that long to clasp a finger. Small legs that long to take a first step. Little eyes that desire to return a loving gaze. A mighty heart that beats to the fullness of life. Then, stops.

In the name of ‘health care’. In the name of ‘family planning’. In the name of ‘choice’.

This silent human being has the face of a child—yet, the courage of a warrior. Sedated, trapped, with no choice, but to accept the fate that deliberately ends its beating heart.

The general public asserts it is the ultimate authority on what is “right,” and informs us to stay closemouthed.

But, we won't keep silent. *For you, little ones, are already silent. Silent martyrs!*

These little silent martyrs reflect the greatest sacrifice ever known to mankind—the crucifixion of Jesus Christ. In Christ’s journey to the cross, he did not open his mouth. Instead, he uttered not a single word. Like these little ones, he was silent. As the prophet Isaiah describes it, “Though harshly treated, he submitted and did not open his mouth; Like a lamb led to slaughter or a sheep silent before shearers, he did not open his mouth.”

They may be silent, but these martyrs will forever speak God’s undeniable truth—that each and every life has a dignity rooted in and entrusted to us by our Creator. And, that truth is deafening. Let us continue to pray and defend the lives of the defenseless.
